

Presentation Example for SVK+SVKB 2024

Prokop Buben
(pbuben@students.zcu.cz)

Introduction and Motivation

- Presentation example for SVK+SVKB
- Presentation preparation
 - Main principles
 - Important details
 - Appearance
- Presentation structure example

Main Principles

- Short bullets
- Two levels of bullet lists tops
- Adequate number of slides
- No slides without talking
 - i.e. without saying anything
- Convenient figure/scheme much better than text

Important Details

- Use slide numbers (except first slide)
 - Important for discussion
- Every slide active for an appropriate time
 - Depends on slide content
 - Depends on the talk style of the presenter

Appearance

- Use uniform slide appearance
 - Employ uniform color scheme, fonts and their sizes
- Various templates possible
 - No specific template for SVK+SVKB
- Use sufficient contrast font and background color
 - Projector always substantially worse contrast than display

Speech of Presenter

- Very important
- Speak clearly, not too fast, not too slow
- Watch the current presentation time
- Practice entire presentation prior the conference

Conclusion

- Basic hints for presentation preparation summarized
- Presentation structure example shown
